## Three Brazilian Students Visit Phone Exchange

Tuesday morning three graduates of MacKenzie University, Sao Paulo, Brazil, visited the Harrisburg exchange of the General Telephone Co. of Illinois. They were accompanied by Doctor Albert William Bork, director of the Institute of Latin American Studies, Southern Illinois University, and Harry Snobarger, assistant director of public relations for the telephone company.

The three young Brazilians, who graduated from MacKenzie University last December, are travelling throughout the United States observing industry, studying manufacturing processes and were especially interested during their visit in southern Illinois in the regional development programs being pushed through the cooperation of the various communities and Southern Illinois University.

The touring Brazilians — all engineering graduates — are Istamar Serafim, Ney Luiz Ferreira and Roberto Daud. Their trip is strictly on their own.

Mr. Daud's brother is a shoe manufacturer, Ferreira's family are construction engineers and Serafim's family own and operate a coffee plantation.

They left Sao Paulo, Brazil, Feb. 25, travelling via air to New York. There they purchased an automobile and started a cross-country trip, travelling south to Miami, Fla. They arrived in southern Illinois Monday. When they have completed their travels in the United States they plan to sell the auto and return home by airplane.

During their visit to the Harrisburg telephone exchange, M. H. Lynch, manager, explained the workings of the telephone system and after telling of the direct dialing system gave the visitors the opportunity to make a direct dial to the weather station in Chicago. They were amazed at the quick service between Harrisburg and the Chicago station.

Dr. Bork, a native of Arizona and who came to SIU only recently to establish the Institute of Latin American Studies, accompanied the visitors during their stay in this area. Monday they toured the Norge plant at Herrin.

The three expressed their sincere thanks and appreciation for the warm welcome they had received in southern Illinois and elsewhere during their tour of the United States.

The body will lie in state at the Harrisburg funeral chapel until the funeral at 2 p. m. Friday in the First Baptist church. The Rev. Otto Williams, Mt. Vernon, will officiate and burial will be in the Sunset Lawn cemetery.

## Rudement Fire Organization Set Up To Help Fight Wood and Field Fires

With the coming of warm windy weather also comes the threat of spring forest fires, according to district forester Martin Anderson in Benton. One of the trouble spots in past years has been the Rudement area of Saline county. A heavy concentration of hill timber with many broomsedge fields and brushland accounts for a high fire hazard and creates difficulty in controlling fires.

Farmers of the Rudement area, under the able guidance of Robert DeNeal, have recently taken steps that should correct this problem, Anderson relates. A local fire organization was formed last winter to cooperate with the State Department of Conservation in controlling fires. A cooperative agreement was signed by Mr. DeNeal and by state forester E. E. Nuutila outlining terms of the agreement.

The division of forestry has loaned the Rudement organization special hand tools designed for fighting

woods and field fires. These tools are stored in caches at the farms of Robert DeNeal, Cecil Nelson, Frank Gidcomb, and at DeNeal's Market. Robert DeNeal urges everyone in this area to get acquainted with these men, borrow the tools when burning brush or debris and to call on the above men for tools or help anytime a fire is burning out of control.

Also call Robert DeNeal in case of emergency fire, as he can contact the division of forestry to receive assistance in fire suppression, Anderson stated.

This is the first such organization to be formed in Saline county. If successful it might be copied in other areas having bad fire problems, Anderson predicted. He complimented the people of the Rudement community for their interest in forest protection and praised the efforts of Robert DeNeal in his cooperation with the division of forestry and the U. S. Forest Service in conservation efforts.

## Teen-Age Bomb Hoax Delays Flight of Plane

ST. LOUIS (UP) — A teen-age romance was blamed today for the bomb hoax that delayed a cross country Trans World Airlines flight and nearly 70 passengers here Sunday.

A 16-year-old youth told St. Louis County police he telephoned a warning that a bomb was aboard Flight 98 so his teen-aged buddy, one of the passengers, could spend more time with his girl friend.

The plane was delayed nearly two hours while police and federal authorities searched for the bomb. The flight left at 5:30 p. m., the youthful suitor aboard for the return flight to school.

Names of the youths were withheld under Missouri's juvenile law preventing the identification of juveniles. No charges were filed pending action by juvenile authorities and the government.

## Manufacturers Show Interest In Area Sites

Large Companies Ask About Towns In Exhibit at N. Y.

NEW YORK (UP) — Several manufacturers have sought information about southern Illinois industrial sites after visiting Illinois exhibits at the National Industrial Development Exposition here.

The manufacturers and their representatives declined to reveal their identity, but two large companies were among those openly expressing interest in towns described by an exhibit of southern Illinois community development towns.

Pat Dwyer, Southern Illinois University student and the nation's youngest justice of the peace, attracted attention by serving industrialists with mock "summonses" requesting their appearance in southern Illinois.

Bob Davenport of Harrisburg teamed with Frank Zoltan of Eldorado Tuesday in representing the Saline Valley Development Assn. Maurice Campbell of Benton has joined another member of the Illinois Division of Industrial Planning and Development Board — Mayor Louis Yeager of Litchfield — at the state of Illinois display.

Another Illinois guest was George Craig of Chicago, general industrial agent of the Chicago and Eastern Illinois Railroad.

Ben Shore, former manager of the Cairo Chamber of Commerce and former manager of radio station WCNT in Centralia, attended the Iowa display. He is now secretary of the Clarinda, Iowa, Chamber of Commerce.

## City Police Capture Thief In Act of Stealing Truck Tire, Wheel

Jonathan Walker, 43, Seized After Theft on Kroger Lot

A city police plan to trap a thief worked to perfection yesterday afternoon.

Arrested was Jonathan Walker, 43, who said he had been out of federal prison nearly a year, that he had been around Harrisburg about two months after coming here from Ivanhoe in the northern part of Illinois.

Chief of Police Ross Lane said Walker was caught in the act of stealing a truck tire and wheel from a truck parked on the Kroger parking lot. He has admitted other such thefts.

Chief Lane said that a half dozen spare wheels with tires had been reported stolen from trucks around Harrisburg during the past month. Yesterday afternoon, he continued, a pickup truck was borrowed from a local dealer and parked on the lot with a spare wheel and tire lying in the bed of the truck, in an attempt to detect who had been doing the stealing.

Officer Floyd Kimbro, in civilian clothing and in his own car, parked on the Excel lot across the street where he could watch the truck and waited. In an hour and 20 minutes, he said, he saw Walker inspect the truck and leave. In a few minutes, he said, Walker came back in his car, parked it alongside the truck, waited for a while until the time was right, then got out and transferred the tire and wheel to the back seat of his auto.

Kimbro let him drive off, then stopped him on Walnut street and took him to the city jail. Walker told city police that he had done time at the federal prison at Leavenworth, Kansas, for the federal offense of breaking into railroad boxcars. He has been out on probation with 39 months left, he said.

Chief Lane said Walker had confessed to stealing seven wheels and tires from trucks. Three, he said, were stolen from trucks parked along the road during a farm sale at the Virgil Wright place near Liberty a few weeks ago. The rest, he said, were taken from trucks on parking lots.

Lane said also that a Jimmy tool

## Four Vehicles Damaged in Crash on Rt. 34

A driver towing another car lost control at 2:20 p. m. as he started to pass a car pulling a house trailer on Route 34 between Harrisburg and Pankeyville and there was damage to all four vehicles.

However, State Trooper Adolph Sweet reported, there were no injuries.

He stated that Don Odus Hurt of Crossville was driving one car and pulling another when he started around a car and trailer in which Mr. and Mrs. Leon Peter Nichols of Rhineland, Wis., were travelling. As he started around he lost control and plunged into a ditch.

Mr. Nichols said that when he saw what was happening he slammed on his brakes, causing the trailer to jack-knife into the Nichols car.

There was no collision of vehicles driven by Mr. Nichols and Mr. Hurt. Both were travelling north.

The Hurt auto contained a group of Murray State college students going to their homes.

## Rev. Henderson Critically Hurt

The condition of the Rev. N. C. Henderson, Methodist Old Folks Home superintendent at Lawrenceville, who was injured in a two-car crash near Carmi Tuesday, remains in critical condition at Carmi Township hospital.

The Rev. Henderson and Mrs. Henderson were injured when their car collided with another driven by D. H. Gibbs of Marion. Mrs. Henderson's condition was described as fine.

The Rev. Henderson is suffering from a head injury. He is a former minister of the Harrisburg First Methodist church.

## Five Small Children Die as Fire Sweeps Home

CLEVELAND, Ohio (UP) — Five children in one family, all under seven years of age, died today in a fire that swept through their home here.

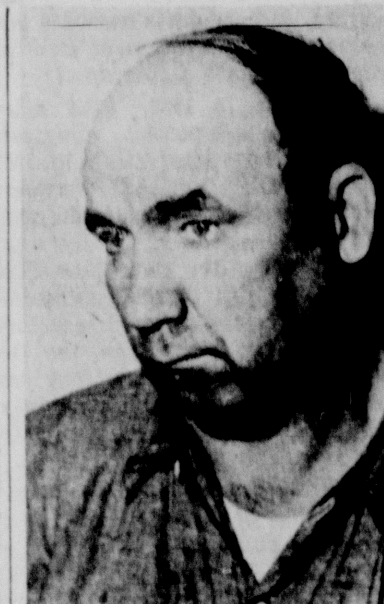

Four of the children were trapped in an upstairs bedroom when the fire broke out while they were still in bed. The fifth child died in a downstairs bedroom.

The victims, children of Arthur Hicks, 30, and his wife, Ann, 25, were Richard, 7; Robert, 6; Barbara Ann, 5; Roger Lee, 4; and Ronald, 4 months.

The mother, after trying to rescue the children, rushed into the street carrying in her arms the only child who escaped, Christine, 18 months. Mrs. Hicks and the two youngest children were in the downstairs bedroom.

A passerby climbed to a back porch roof in an effort to rescue the children as they screamed and tore at the bedroom window screen.

Hicks, a machinist, had left for his job.

Jonathan Walker

had been found in Walker's car that might indicate he had been committing burglaries but that Walker had denied entering any places.

## South Korean Crew Fights Off Attempt to Hijack Plane

SEOUL, Korea (UP) — The four-man crew of a South Korean Air Force C-46 transport plane today fought off the attempt of an armed and rebellious ROK Air Force captain to hijack the plane to Communist North Korea.

The ROK Air Force said one crew member was shot to death in the airborne gun fight and two others were wounded. The rebellious North Korea-born officer, identified only as Capt. Choi, was armed with a .45 caliber service pistol.

The abortive hijacking attempt came less than two months after Communist agents successfully hijacked a Korean National Airlines plane with 34 persons aboard on Feb. 16.

On Regular Flight

Air Force officials said the incident occurred shortly before 9 a. m. today over Pyongyang, about 40 miles south of Seoul. The plane was on a regular flight from Taegu to Seoul.

The Air Force announcement said the captain entered the cockpit and attempted to take over the plane. The crew resisted and after the battle in the sky made an emergency landing at Pyongyang. The captain was arrested.

Choi was reported still unconscious and under medical treatment as result of a severe beating he received during the fight.

Other sources said Choi entered the cockpit with his 45 drawn and ordered the crew to fly the plane to North Korea.

The captain then shot and killed the radio man, Cpl. Kim Sang Ho, and wounded the pilot, Cpl. Kim Pak Him in the arm, and a mechanic, Sgt. Chun Byung Hoon, in the leg.

Only seven persons were aboard the plane and the other two passengers did not know of the hijacking attempt until the emergency landing was made.

The plane was scheduled to fly some 20 Korean newsmen from Seoul to Chinhae, on the southern tip of Korea, to cover graduation exercises at the naval and air academies in that port city.

## More Than 30 Insurgents Die In Outbreaks

Threatened Action Against Workers Fails to Materialize

HAVANA, Cuba (UP) — The rebels' general strike appeared today to have been stopped in its tracks.

Buses and street cars were operating and shops were open under the watchful eyes of Havana police and the army. The army's lethal reaction to Wednesday's initial outbreaks resulted in the killing of "more than 30" insurgents.

Scattered bomb blasts continued during the night, and rebel radios in broadcast victory claims warned that any attempt to operate public transportation would be met by more bombs and gunfire. But as Cuban workers streamed to their jobs this morning, with only a few cases of absenteeism reported, the threatened violence failed to materialize.

A communique said that "more than 30" insurgents were killed in scattered "first stage" violence in and near the city Wednesday, in which both the government and the rebels claimed victory.

A couple of rebel bombs rocked the blacked-out city during the night, but there were no reported casualties or damage.

Another communique said that saboteurs burned a truck and a bus in the outskirts of Havana Wednesday night. It said police opened fire on the attackers and inflicted a "few casualties."

Aside from these incidents, this metropolis of 1,200,000 persons appeared normal at the start of the working day.

Police stations still were heavily guarded with sandbags and cars entering and leaving the city were being searched. Some sections of the city remained without power.

But, for the moment, business seemed to be functioning without difficulty, although some early-rising workers stayed away from their jobs. These men apparently feared the threats from rebel leader Fidel Castro's forces that they would be shot down if they went to work, despite government claims Wednesday that the "revolutionary general strike" had been crushed and the insurgents routed.

The government announced late Wednesday that the revolt had been crushed, and Batista told the United Press during the night he is confident that the army can "eliminate" the rebels throughout this island nation.

At 10:25 p. m., however, a rebel broadcast claimed that "the (insurgent) 26th of July Movement has won the first stage."

The broadcast said the rebels had "dispersed" loyal troops in Cienfuegos and had "triumphantly" entered the provincial capital of Camaguey. It reported also that schools in Pinar del Rio Province had been forced to suspend classes.

The only major military activity reported here Wednesday consisted of raids on radio stations and the La Marina arms shop in old Havana. Other violence consisted largely of gang-style bomb attacks.

Miss Letitia Skaggs, daughter of M. P. McDonald and Leila Skaggs McDonald, 200 North Webster street, Harrisburg, and Frederick William Osborn, son of Mr. and Mrs. Clarence E. Osborn Mt. Carmel, were married at 2 o'clock Saturday in the First Baptist church in Harrisburg. The Rev. R. W. Roebeling, Oblong, performed the double ring ceremony before the church altar decorated with Easter lilies, palms and tall candelabras with burning tapers.  
The bride was given in marriage by her father.

She wore a wedding gown of Chantilly lace over tulle and taffeta, fashioned with a molded bodice having a portrait neckline and short sleeves. It was fastened in the back with small covered buttons. The full skirt, worn over a hoop, was floor length and the lace overskirt was caught up at either side of the front with iridescent sequins to form a graceful drape over the tulle ruffle. Her chapel length veil of illusion was secured to a triicorn headdress of lace, iridescent sequins and seed pearls with a teardrop pearl hanging from the point over her forehead. Her lace mitts were fastened with a row of the covered buttons and she carried a cascade bouquet of white orchids and lily of the valley.

Miss Linda Skaggs, sister of the bride, served as her maid of honor and wore a ballet length dress of softest mint green chiffon, gathered for fullness and having a deeper shade of green, cummerbund. Her coronet headdress formed of wired mint green veiling leaves and iridescent sequins, secured her circular veil. She wore short matching gloves and carried a French colonial bouquet of yellow Pernet roses.  
Miss Peggy Osborn, sister of the bridegroom, was her bridesmaid and wore a dress of yellow chiffon with brown cummerbund, styled like that of the maid of honor. Her matching headdress and bouquet were identical also, and her short gloves matched her dress.  
Edward Osborn of Paducah, Ky., brother of the bridegroom, acted as his best man.  
Maury Bynum, Stonefort, friend of the bridegroom, was his groomsmen.  
Jim Lail, Jack Nulty and Ross Culbreth were ushers at the wedding.

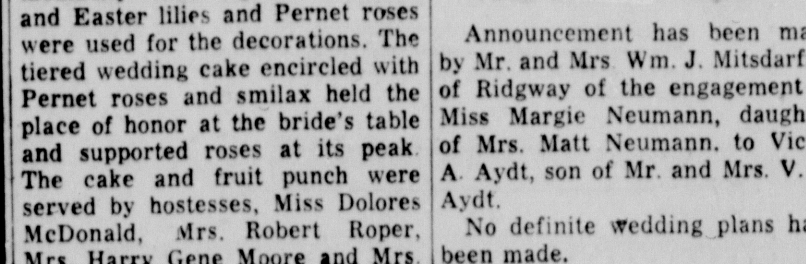

The bride's mother wore a green lace dress with a belt and side drapery of matching crushed chiffon. Her hat was designed of miniature green and white flowers and she wore jeweled slippers and beige gloves. Her corsage was of orchids.  
The mother of the bridegroom chose navy blue for her son's wedding, with matching accessories. She wore an orchid corsage.  
Bob Burnett sang, "Because" and "The Lord's Prayer," accompanied by Mrs. Rick Shekelle, cousin of the bride. Lorene Dorris played the wedding marches on the church organ.

There was a reception in the home of the bride's parents immediately following the wedding and Easter lilies and Pernet roses were used for the decorations. The tiered wedding cake encircled with Pernet roses and smilax held the place of honor at the bride's table and supported roses at its peak. The cake and fruit punch were served by hostesses, Miss Dolores McDonald, Mrs. Robert Roper, Mrs. Harry Gene Moore and Mrs. George Dalton. Mrs. James Bramlet kept the guest book.  
The bride has a Bachelor of Science degree in Education from Southern Illinois University at Carbondale.  
Mr. Osborn, also a student of SIU, teaches at the grade school in Carrier Mills.  
Following a brief wedding trip, Mr. and Mrs. Osborn will be at home to their friends at 5 West Lincoln street, Harrisburg.  
There was a rehearsal dinner at Santy's cafe in Harrisburg Friday evening for the members of the wedding party and the musicians.

# Plans Complete for Ridgway's Big Celebration and Dedication

Ridgway's merchants, business and professional men, organizations and citizens are joining the Blevins Popcorn Company in extending a cordial welcome to all on Saturday April 12, which has been designated as National Popcorn Farmers Day in Ridgway.

The big celebration honoring the nation's popcorn growers and featuring the official dedication of "Popcorn Village" is being heralded as the biggest event in the history of Ridgway and is expected to attract thousands from near and afar.

Among the highlights of the activities are the crowning of popcorn "Queen for a Day," the awarding of attractive prizes in two categories for the best things made from popped corn, the handing out of valuable door prizes, and other contest awards.

erated by 4-H Clubs of the county, the Ridgway school band will be heard, "Popcorn" Ford and His Kentucky Kernels will provide square dance music, free tickets

will be provided for children to attend a cartoon carnival at the Strand theatre and tractor-and wagon hay rides will provide free shuttle service to and from the Blevins Co. from the uptown Ridgway parking areas.

The Ridgway merchants are offering many outstanding specials for Popcorn Day and invite every one to visit their places of business while in Ridgway. The Chamber of Commerce will sponsor

for a square dance on the streets of Ridgway Saturday night.

Many notables, including the president, governor, senators, movie stars and others have been extended official invitations to attend the big celebration or to send official greetings on the occasion.

Newsman from a wide area also are expected to be on hand to give the activities of National Popcorn Farmers Day complete coverage.

A complete program of the events scheduled for the day is outlined in another section of this newspaper which has been printed exclusively for the Blevins Company. Co-operative advertisements of greetings and special merchandising features has necessitated the printing of three sections of this weeks issue of your home town newspaper.

This will be the first time for the general public to have an opportunity to see just how Pops Rite popcorn is processed and packaged at the big Blevins plant. Arrangements have been made for the 100 millionth package to be

produced on that day and commemorative packages will be given to each visitor who tours the plant Saturday.

## Popcorn Capital

Statistics reveal that Gallatin County farmers have grown an average of 11,104 acres of popcorn per year, for the past 12 year period for a total of 133,249 acres. The total popcorn acreage for the entire state of Illinois, one of the leading producers, is 285,274 for the same period, giving Gallatin County the distinction of growing almost one-half the popcorn produced in this state. In 1952, almost 10 percent of the county's 149,131 acres of farm land was planted in popcorn. Ridgway claims the title of "Popcorn Capital" since it is located in the center of the great popcorn growing county.

Buyers from many centers report that there is more popcorn grown in this area than in any other in the nation comparable in size.

## President to Take Pentagon Changes To People in Clash with Congress

WASHINGTON — President Eisenhower intends to take his case for Pentagon reorganization directly to the American people in an all-out fight against congressional opposition to the plan.

The President, who usually tries to avoid open clashes with Congress, left no doubt at his news conference Wednesday that he is in a fighting mood and will use every means at his command to put his plan over.

In unusually blunt language, he said he didn't "care how strong" or how numerous his congressional foes might be. He said his defense reorganization proposals "will go swimmingly once people really understand" them.

To achieve that end, he said, he would appear on nationwide

radio and television broadcasts as often as possible to win public support for Pentagon "modernization" that he called "necessary" for the nation's safety.

Press Secretary James C. Hagerty said later the first such appearance would come on April 17, when the Chief Executive addresses American and foreign newspaper editors here. Hagerty said he understood arrangements were being made for nationwide radio-TV coverage.

The Eisenhower plan would give Defense Secretary Neil H. McElroy greater power over military spending, organization and strategy.

## Thinking It Over

By Robert L. Dieffenbacher, D. D.  
(Written for NFA Service)

Tears are not necessarily an indication of weakness. They are not symbols of unmanliness. One should not be ashamed of a few tears of joy or sorrow, of hope or love or deep feeling. The shortest verse in the Bible says that "Jesus wept."

Dry eyes are often an indication of human hardness. He who does not care about his fellow men and who cannot sympathize with them stands dry-eyed in the face of sorrow. He who loves his fellow men enough cannot help feeling the plight of his less fortunate brothers.

It would be better to pray for moist eyes of mercy than to pray for the strength to defeat mere enemies of our ego. Tears of joy and tears of love are more manly than tears of anger and hatred. Love conquers all. Hatred defeats self as well as others.

## LEAD WITH YOUR LEFT

by ED LACY

**THE STORY:** Dave Wintino, police detective who is investigating the murder of two former police officers, believes he has some pieces of the puzzle which he must solve if he is to catch the slayer.

XVIII

I got home before noon and had some eggs and went over my notes, still thinking of seeing Wales' room.

The gun had never been found in the Brenner building. Was that what Wales was looking for? But why keep looking for it sixteen years after the shooting? And when he did find it, what? There had been nothing in the arrest record about finding the gun. Did he think the rod might convict Kahn's missing partner, this Bird? Or was Al Wales hunting because he felt Kahn was innocent? But then why keep looking years after Kahn was burnt?

The thing to do was let what I had felt, maybe dig deeper into Sal Kahn's past. I had the feeling my hunch was hot and in time... The phone rang.

I picked it up, expecting Mary to say she was sorry for being a shrew. "Mr. David Wintino?" It was a woman's voice and vaguely familiar.

"Talking."

"This is Rose Henderson. Hope you don't mind my calling you at home. I looked you up in the book."

"I don't mind. What's up?"

"I waited and then phoned your police station twice for an escort. They tell me they can't spare a man today."

"They're very busy."

"But this will mean the second day I've lost. That's exactly what

they want. If I miss my deadline the article might be postponed for months. You promised I'd have an escort today and now you—"

"Have any trouble since yesterday?"

"Yes, there was a phone call at 2:20 a. m. No answer when I picked up the receiver. This is driving me to a breakdown. I feel like a prisoner. All I need is a few more days of research and I could wind things up. You told me I'd have—"

"Listen to me carefully. It's seven after 12. I'll be in front of your house at one. Where did you plan to go this afternoon?"

"To the Forty-second Street Library."

"Okay. Exactly at one leave your house. Walk over to Broadway and down to the IRT subway. Get off at Times Square and walk toward the library. Keep on the downtown side of the street. I'll be following you but don't ever look for me—that would tip them off. Even if you're pushed around, unless it's real trouble, I won't step in. Idea is I want to make whoever is shadowing you. Remember, don't act self-conscious and don't look around for me. If you should see me, act as if you don't know me. Got that?"

"I think so. One sharp... IRT... downtown side of the street."

"Now, after you finish at the library, go back to your place the same way—downtown side of Forty-second Street to the IRT. How long do you need in the library?"

"At least four hours."

"That's too long. You stay an hour, at exactly two you leave,

side entrance, and wait at home till I either call or drop in. That may not be for a brace of hours. One o'clock on the nose."

Exactly at one she came out of her house wearing a neat red suit which wasn't for her—it didn't do much to her chunky figure. She held a large paper folder and a pocketbook under her left arm. I watched the doorways, the parked cars, but couldn't make anybody shadowing her as she slowly walked toward Broadway.

We walked along Forty-second Street on opposite sides of the street. Alongside Bryant Park they got her. There was a tall wiry guy who fell in behind her—did it fast then slowed down. He was about 35, wearing a new coconut palm hat and one of these corny gray flannel suits as if sure it made him look the executive type.

Coming toward her was a lumpy joker built like a fat football player, dressed in an old plain brown suit and no hat on his noggin, baldness giving his thin hair a horseshoe shape. He seemed to be reading a letter. The guy back of Rose closed in and lumpy in front of her walked into Rose. He knocked her backward against a wall who nearly hit the folder and pocketbook out from under her arm as he caught her. The papers and the pocketbook landed in the gutter which a sanitation truck had sprinkled a few minutes before.

BEEFY Boy was all apologies while wiry pointed to his ankle, rubbed it, and said something to Rose—probably told her to watch where she was walking. Bully boy even picked up her wet papers, "accidentally" stepping on her purse. He handed the stuff to her, full of apology.

I'd read about rough-shadowing but this was the first time I'd ever seen it. A 250 pound lump walking into you is a rugged wallop. Rose seemed shaken but not hurt. She continued on to the library while horseshoe head went over toward Broadway. I followed him wishing I'd had Danny with me to tail the wiry joker.

Bully boy took his time walking up Broadway, window-shopping in a couple of stores, stopping for an orange drink. He turned into an office building and we both went into the same elevator. The light panel said there were 16 floors. When he called out, "Ten," I said, "Eleven."

## Predict Lower Food Prices By Late Spring

MILWAUKEE (AP)—Housewives can look forward to lower food prices starting in late spring, a Labor Department expert said today.

Ewan Clague, commissioner of labor statistics, made the forecast in a speech prepared for a local chapter of the Controllers Institute of America.

Clague said spring crops will reduce prices of fruits and vegetables which have been at all-time highs because of crop freezes in the South.

Increased marketing of hogs and cattle, he added, may bring lower meat prices later in the year—probably in September or October.

He said prices of new cars, refrigerators, television sets and appliances will slide down to autumn lows before 1959 models go on sale.

There is no hope, however, that haircuts, streetcar fares, movie admissions, doctor bills, electricity rates and other "service" items will go down. Clague said they will climb "slowly but steadily" in price.

Construction of  
New Post Offices  
To Begin by Fall

WASHINGTON — Construction of 918 new post office buildings is under way or will begin by early fall, Postmaster General Arthur E. Summerfield announced Tuesday.

The buildings will cost an estimated \$49,245,000.

Summerfield said 13 of the new post offices at an estimated cost of \$9,100,000 will be built under the provisions of the lease-purchase law. Under this program the government buys the structures by paying for them over a period of years.

The 905 other buildings, costing an estimated \$40,145,000 will be constructed under the department's leasing program. Under this program, the post offices are built by private capital and leased to the department.

Summerfield said funds needed to equip the new post offices under the leasing program are presently available from authorized appropriations.

## Union Official Charges CBS Using Military Police as Guards

CHICAGO (AP) — An official of striking Radio and Television Workers has charged that military police are being used as guards at the Columbia Broadcasting System's studio here.

Marvin W. Balousek, president of Local 1220 of the International Brotherhood of Electrical Workers, said Wednesday that soldiers from the 5th Army were brought to the building in Army vehicles.

Some of the MP's were armed, Balousek said, announcing he had telegraphed his protestations to the Senate Labor - Management Committee as well as several senators.

Balousek said he based his charges on reports received from pickets who are maintaining a 24-hour line at the studio. CBS also had hired the number of guards since the strike began, he said.

The union official's charges were denied by Frank Atlass, in charge of programming at CBS.

"These men have permission from their commanding officer to work as guards on their off-days and off-hours," Atlass said. "As far as I know, they did not come in uniform, nor in Army vehicles."

Prevention Inc., an organization which contracts police guards to the television studio, also denied the charges.

John Davis, president of the organization, admitted that seven

members of the armed forces worked on a part-time basis, but said their employment was only during off-duty hours. He said weapons on hand at CBS are not government-owned and are kept for the use of security police.

The nationwide strike has idled 1,300 technicians, including more than 100 in Chicago. Programming is being handled by supervisory personnel at CBS.

## U. I. to Give Two Exams in Location At Four Locations

CHAMPAIGN, Ill. (AP) — The University of Illinois today announced two examinations usually given new students during freshman week will be given at four locations in advance this year.

They are the freshman guidance examination, and a mathematics placement test for incoming freshmen whose study courses require additional mathematics preparation.

The guidance examinations, required of all new students, will be given May 3 at Belleville, May 24 at Rockford, May 10 at the Chicago Professional Schools and June 14, July 12 and July 26 here.

The math tests will be given April 19 at Belleville, May 17 at Rockford, May 9, June 13, July 11 and July 25 at Champaign. This test will not be given at Chicago.

## More Liberal Travel Expense for State Employees

SPRINGFIELD (AP) — Expense allowances for meals and travel downstate for state employees under the governor have been liberalized, effective March 25, the state Finance Department reported today.

The new regulations increase allowances for meals on travel downstate by \$1, and provide 8 cents per mile for automobile instead of 7 cents. The allowance for downstate hotel accommodations also was increased \$1. They equalize permissible allowances for downstate and Chicago facilities.

The higher allowances provide \$7 per day for hotel expense and \$5 per day for meals. In no case will automobile travel expenses be permitted in excess of the cost of the same trip by first class train fares.

The department said rising downstate cost levels had made the lower downstate rates unfair for state employees required to travel in downstate areas.

## Killed When Body Caught In Corn Grinding Machinery

SIGEL, Ill. (AP) — Virgil Fink 36, Sigel, was killed Wednesday and his body mutilated when his clothing became entangled in corn grinding machinery on his farm about 10 miles northeast of here.

Authorities said his clothing apparently became entangled in a tractor power take-off which pulled him into the corn grinder. He was unmarried and made his home with his mother near here.

## Burglars Rob Safety Deposit Boxes in Bank

COWDEN, Ill. (AP) — Burglars broke into the Cowden State Bank early today and took an undetermined amount of money and other valuables from more than 50 safety deposit boxes.

Authorities reported a service station operator saw that the bank door had been forced open when he turned the lights on at his adjacent gas station at 4 a. m. The station operator notified police.

FBI agents and state and local police immediately began an investigation. It was believed several persons participated in the robbery, for heavy cutting torch equipment was left at the scene.

The robbers failed in an attempt to break into the bank's mail vault, police said. They did break into the safety deposit box room, where about 60 lock boxes were located, and most of them were forced open.

A number of other burglaries were reported in the same area during the night. The cutting torch equipment was reported taken from the Corley Implement Co. here, which also was burglarized.

Cowden, a Shelby County community, is about 20 miles south of Shelbyville. An earlier robbery attempt in the same county was reported Saturday night at Stewardson, where thieves failed in an attempt to break into the vault of the Stewardson State Bank.

John Sturm, 48, Effingham, who was affiliated with the Frisina theater chain died early today at Fayette County Hospital. Sturm suffered a severed windpipe in the crash.

## Plane Crew Reports What They Believe End of Sputnik II

ATLANTA (AP) — Three crewmen of a Delta Air Lines DC7 reported that they witnessed over Baton Rouge, La., early today what they believed to be the death of Russia's Sputnik II.

The crew headed by Capt. S. E. Price of Dallas saw a flaming object traveling on course at an extremely high rate of speed in a southeasterly direction.

"It broke into two separate bodies about five seconds after the first observation," Price said. "And it was completely consumed in flames about 10 seconds after we first saw it."

"Our personal observation was that it was the breaking up or the end of Sputnik II."

They said they saw the object at 7:29 a. m. c. s. t.

## Eisenhower Plans Week End Trip To Augusta, Ga.

WASHINGTON (AP) — President Eisenhower planned tentatively today to fly to Augusta, Ga., Friday for a weekend at the Augusta National Golf Club.

White House Press Secretary James C. Hagerty said the trip depends upon two factors—whether the President can clean up pending work on his desk today and how the weather is in Augusta.

Hagerty said it is raining in Augusta today but the forecast is for clearing this evening.

If the President goes South, he will return either late Sunday or early Monday.

## Order Parents To Whip Boys for Beating Mule

MARTINSVILLE, Va. (AP) — Henry County Circuit Judge John D. Hooker ordered the parents of six teenage boys to give them a "good, sound, old-fashioned whipping" for "cruel, atrocious, deliberate" beatings of a mule named Jane.

The boys were convicted of beating the mule, kept primarily as a pet by Buster Thacker, a farmer, on several occasions in January.

Hooker, acting on a charge brought by Deputy Sheriff Raymond B. Smart, specified that the boys must be whipped by their parents in the presence of Smart and Miss Betty Jo Wright, county welfare director.

The boys, ranging in age from 13 to 16, had appealed an earlier conviction and reform school sentence handed down by Henry County Court only to run into Hooker's "old fashioned" punishment.

The judge also reprimanded the youths' parents for their "irresponsibility" and fined them \$25 each. He released the boys in their parents' custody and placed them on the "strictest probation" until they are 18.

Smart testified that the boys on at least one occasion tore up a corn crib and a fence for planks to beat the animal.

## Girl, 13, Born With One Hand, Saves Brother From Drowning

UXBRIDGE, Ont. (AP) — A 13-year-old girl, born with only one hand, swam 75 feet through sharp ice Wednesday to help rescue her 22-month-old brother from Uxbridge Pond.

Ruth Cordingley reached her baby brother Wayne in time to help him into a rowboat launched by a passing motorist who saw the child's plight. Howard Young, 29, paddled to the rescue in a row boat life on shore.

Wayne was playing with his eight-year-old brother Ronald when the ice, formed by an overnight freeze, gave way beneath him.

© Britannica Jr. Encyclopedia  
Even though the Pilgrims celebrated the first Thanksgiving in America in 1621, it was not until 1863 that President Abraham Lincoln instituted the first national Thanksgiving Day as the last Thursday in November, and not until 1941 that the Congress of the United States made the fourth Thursday in November a national holiday.

## Justice Dept't Opens Drive On Racketeers

WASHINGTON (AP) — The Justice Department opened a nationwide drive today against top racketeers and hoodlums. Atty. William P. Rogers said "highest priority" in the crime crackdown will be given to the nation's 100 top racketeers. He did not name them.

Rogers said the long-range program calls for a concentrated combined effort by the department, the FBI, the Narcotics Bureau and the Immigration Service.

Under the anti-crime campaign, the cooperating investigating agencies will pool all information turned up in their investigation. Rogers said this, in turn, will be analyzed carefully by the department's criminal division lawyers and grand jury action will be taken as warranted.

Asst. Atty. Gen. Malcolm Anderson, recently appointed to head the criminal division, will take charge of the crack-down. Anderson's right-hand man in the drive against the underworld will be Milton Wessel, New York lawyer recently sworn in as Anderson's special assistant. Wessel will spearhead the operation from a New York office. He will have a squad of investigators who will do their spade work from there, the department said. The department declined to permit pictures to be taken of Wessel.

As part of the new campaign, Anderson's crime and racketeering section will be bolstered and expanded. A number of former assistant U. S. attorneys will be added to the crime division.

Although Rogers declined to name any underworld figures who will be targets of the campaign, he has said recently that he is particularly interested in organized criminal elements who have invaded the "legitimate business" field and some labor unions.

### Combat Veteran

## No Delinquency Problems In Army, Chaplain Says

CHICAGO — A Catholic priest whose "parish" covers 13 states said today that the U. S. Army has the answer to some of the nation's juvenile delinquency problems.

Col. John K. Connelly, 52, is boss chaplain for the 5th Army area. A combat veteran of World War II and Korea, Connelly wears the purple heart as a souvenir of four years of jungle warfare and a streak of gray hair perhaps as a token of listening to the woes of thousands of GIs.

"We don't have any delinquents in the Army, juvenile or otherwise," Connelly said in an interview at 5th Army headquarters where he arrived last week to begin his new command.

"I just finished serving three years at Ft. Dix, N. J.," Connelly said. "We've gotten some very tough young men from the sidewalks of New York, and you know how they ended up after they spent a few days with us? Like the good soldiers we made them. The Army doesn't have time for misfits. They shape up or else."

Connelly was saving Mass at Ft. Shafter, Honolulu, when the Japanese bombs fell on Pearl Harbor. He subsequently landed with American troops on Buna, Guadalcanal, Munda, Luson and Leyte. His purple heart was a reward for a shrapnel wound on New Guinea. He also wears the bronze star with four oak leaf clusters.

Connelly, a native of Berkeley, Calif., got into the Army after serving the boys in the old Civilian Conservation Corps in

Idaho, Montana and Utah. One of 13 children, his father was editor of Catholic newspapers in Cleveland, Baltimore and San Francisco.

"I've been in the Army 23 years," Connelly said, "and I've seen just about every kind of soldier you can imagine in just about every kind of condition. And I say without doubt the Army's morals stack up with the best of the civilian morals, and maybe better."

"Oh, we get hold of some bums sometimes. We get some real bums. They come to us from civilian life, often from homes where they've been pampered half to death. Sometimes we can't do anything with them. But most times we can. We turn 'em into men."

"What's the most typical problem the men bring us chaplains? That's easy. They don't like being in the Army. It's our job to remind them they're not wasting their time the years they spend with us. We do as well as we can. We've got a big shortage of chaplains. An Army chaplain could work 24 hours a day and still not finish all his work."

"No, so far as I have observed there's no religious discrimination in the Army. It's against the regulations for one thing. Here's something I'm real proud of—"

The chaplain displayed an award received last fall from the Union of Orthodox Jewish Congregations of America for "outstanding contributions to the spiritual and moral welfare of Jewish servicemen and women."

## Kroger to Award Scholarship in D. E. Education

An outstanding Illinois student in distributive education will enter college next fall with a \$500 scholarship from The Kroger Company tucked under his arm. Kroger, the nation's third largest food retailer, offers scholarships in several states each year as a means of encouraging talented high school graduates of D. E. courses to continue their studies at the college level. Added to the experience gained in D. E. classes and work periods prior during high school, this college training is designed to prepare young men for executive careers in marketing and merchandising management.

At the same time, the scholarship program recognizes and rewards an outstanding D. E. boy in each state. To be eligible, the young man should be:

1. A senior in a distributive education course.
2. In the top one-third of his graduating class scholastically.
3. A leader in school and community (extra-curricular groups, D. E. C. A., church, athletics etc.)
4. Interested in a career in marketing and merchandising management.

## Harriman, Other Officials Visit Area Exhibit in New York

**NEW YORK** — Governor Averell Harriman and other state officials were among visitors to the Southern Illinois Display at the National Industrial Development Exhibit Monday.

Harriman was served a mock summons by Justice of the Peace Pat Dwyer, a Southern Illinois University student who is assisting University personnel in staffing the large display in the Coliseum.

Opening day of the NIDE show was reserved for press conferences and a tour of the exhibits by visiting dignitaries. Miss Vera Binks, director of the Department of Registration and Education, represented Illinois Governor Stratton.

From Tuesday through Friday the exhibits will be viewed by industrialists seeking new plant sites. Displays from Southern Illinois and the State of Illinois face a New Jersey exhibit and they are flanked by displays from Oregon and Alabama.

Cooperating with the University's Department of Community Development in a 35-foot exhibit are Carlyle, Cobden, Coulterville, Edwardsville, Flori, Mt. Vernon, Mounds, Steeleville, West Frankfort, Gallatin County Hardin County, Pope County and Saline County. East St. Louis, another community working on a development program with the University's aid, has a 15-foot display, and the Illinois Division of Industrial Planning and Development has a 15-foot booth.

Only two ex-presidents of the United States died in Washington. D. C.: John Quincy Adams and Woodrow Wilson.

## Kansas State Cage Center Slashes Wrists

TOPEKA, Kan. (AP) — Kansas State basketball star Jack Parr was admitted to Topeka State Hospital Wednesday night after slashing his wrists in a fit of violence during a nervous breakdown.

The 6-9 center, a powerful factor in K-State's grabbing the Big Eight cage crown this season, was taken to Riley County Hospital at Manhattan, Kan. Tuesday night, after he became distressed and showed signs of violence.

Wednesday he slashed his wrists with an unidentified sharp object, broke up hospital furniture and knocked out windows in two rooms.

"Basketball is not to blame," a physician at Riley Hospital said. "In fact there seemed to be some therapeutic effects in basketball for the boy."

## Hawks Win Their Third Game in Playoff Series

BOSTON (AP) — Slater Martin, smallest player in the National Basketball Association at 5-10 and one of the oldest at 32, held the spotlight in the St. Louis Hawks' third victory in their best-of-seven championship playoffs against the Boston Celtics.

The "tiny" veteran played one of the finest games of his nine-year pro career Wednesday night in St. Louis' 102-100 win. The triumph gave the Hawks a commanding 3-2 lead in the series which resumes Saturday night at St. Louis.

Bob Pettit took game scoring honors with 33 points, eight more than Martin, but the speedy backcourt star was immense as a field goal scorer and in holding Boston's Bob Cousy in check.

"I don't know if you could call it my best game ever," said Martin. "But I know I felt good out there and everything I did seemed to work out right."

## Australian Defeats Powless In Masters Meet

JACKSONVILLE, Fla. (AP) — Southpaw Mervyn Rose of Australia teamed up with Miami's "Golden Goddess" Karol Fageros today as singles play gave way to mixed and men's doubles in the Masters tennis tournament.

The Australian, top-seeded in the tournament, defeated John Powless of Florida, Ill., 6-4, 6-3, Wednesday before a heavy downpour caused postponement of several other matches.

He and Miss Fageros were scheduled to meet Miguel Olivera, Ecuador, and Maria Barcia, Cuba, today.

In one of the top men's doubles, second-seeded Luis Ayala, of Chile, and Don Candy, of Australia, faced Jimmy Peterson and Tommy Holton, both of Jacksonville, Fla.

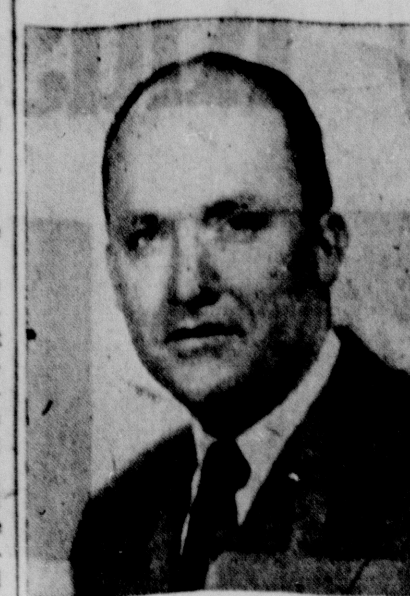

Powless teamed up with Tony Vincent of New York to play Jack Frost, Monterey, Calif., and Bill Quillian, Seattle.

In another major pairing Wednesday, Ayala beat fellow countryman Patricio Rodriguez, 6-2, 6-0, to gain the semi-finals.

In women's singles, Louise Snow, Oakland, Calif., downed Martha Hernandez, Mexico, 6-4, 6-2, and Laura Lou Kunnen, Clearwater, Fla., whipped Miss Garcia, 6-1, 6-0.

## Hank Aaron Leads Braves To 5-4 Win Over Dodgers; White Sox Beat Cardinals

By United Press

Hammering Hank Aaron thinks he'll hit "around 345 or 350" and at the pace he's going now, rival pitchers will gladly settle for that.

The Milwaukee slugger socked his eighth home run of the spring and his third in as many games Wednesday to lead the Braves to a 5-4 victory over the Los Angeles Dodgers at Dallas.

Aaron also had a single, for two of the five hits Milwaukee was able to muster off four Dodger pitchers.

"I figure if I can get off to a good start I have a chance to lead the league in hitting," Aaron declares.

A "chance" the man says. Who's he kidding? Outside of Stan Musial, he's the most logical candidate to capture the crown. Even Musial, who won the title last year with a .351 average, says Aaron is the man he must beat out.

The White Sox came up with seven runs in the fourth inning to beat the Cardinals, 10-6 at Denver.

Redleg Win Marred

Southpaw Harvey Haddix pitched Cincinnati to a five-hit 2-0 triumph over Washington but the Redleg victory was marred by a third-inning beaning of Frank Robinson. The Cincinnati outfielder was removed to a Portsmouth, Ohio, hospital after being hit in the head by a Camillo Pascual pitch. Hospital attendants said the injury was not serious.

After the game, the Redlegs announced that Vada Pinson, 19-year-old rookie had been promoted to the Cincinnati roster from the Seattle list.

Mike McCormick, San Francisco's 20-year-old southpaw, bested Herb Score of Cleveland, 6-3, with the help of a third-inning error by Tribe first baseman Mickey Vernon which permitted three unearned runs. Vernon missed a foul pop off Danny O'Connell's bat with the bases loaded and the Giant second baseman then connected for a two-run double. Two more runs came across on sacrifice flies.

Harry Anderson, Rip Repulski and Willie Jones each homered to lead the Phillies to a 12-8 decision over the Yankees at Winston Salem, N. C., before 20,059 fans, largest in North Carolina's baseball history.

Williams Gets Walks

The Red Sox drubbed their Memphis farm hands, 10-1, as Don Bud-

din and Frank Malzone hit homers. But the big news of the game was Ted Williams' first exhibition appearance of the spring. Ted pinch hit twice at the insistence of the fans, and walked both times.

Joe DeMaestri's double with the bases loaded highlighted a five-run rally in the seventh inning that gave Kansas City an 8-3 win over Little Rock of the Southern Association.

The Pittsburgh Pirates scored 13 runs in the ninth inning in crushing their Mexico City farm hands, 23-1, at Mexico City.
